Thriller / 5.5" x 8.5"

### ABOUT THE AUTHOR

Gary McAvoy is author of both fiction and nonfiction, including his bestselling thriller series "The Magdalene Chronicles," and its sequel series, "Vatican Secret Archive Thrillers."

His nonfiction work "And Every Word Is True" has been hailed as a sequel to Truman Capote's landmark book "In Cold Blood." Gary is also a professional collector of ancient manuscripts and historical documents, much of which informs his writing projects.

# THE GALILEO GAMBIT

## (VATICAN SECRET ARCHIVE THRILLERS BOOK 6)

Father Michael Dominic, prefect of the Vatican Secret Archives in Rome, is entrusted with the mission of transporting the original 17th-century trial documents of Galileo to Loyola Law School in Chicago. The stage is set for a modern historical moot courtroom trial of Galileo's original heresy charges, commemorating the 400th anniversary of the legendary event.

In this riveting reenactment, Galileo's fate lies in the hands of the Vatican's current chief prosecutor—a cunning bishop from the Dicastery for the Doctrine of the Faith, and his defense, a distinguished law professor harboring a mysterious past. All the while, the Pope's deteriorating health has the Roman Curia on edge, as ambitious contenders jockey for position in the anticipated papal election.

But the plot thickens when priceless historical exhibits vanish the night before the trial! With no time to lose, Father Michael's team is forced to divide and conquer, pursuing every lead to recover the stolen treasures. As they face perilous twists and turns, they must also contend with shadowy plots from rival factions.

The stakes are high as Father Michael and his team race against time to uncover the truth behind this pulse-pounding mystery. With hidden agendas emerging from the shadows and help materializing from the most unexpected sources, loyalties are put to the ultimate test. Hold onto your seats and prepare for a tense ride as Father Michael courageously battles to unravel the enigmatic conspiracy known as *The Galileo Gambit*.

### EDITORIAL REVIEWS

"Returning for another Father Michael Dominic story, Gary McAvoy dazzles once more. As McAvoy utilizes the insights of Ronald L. Moore to enrich the story, the reader is treated to another stunning story, steeped in history, religious perspective, and thrilling development. When Father Dominic is invited to Chicago to attend a legal conference with a modern retrying of Galileo for heresy against the Catholic Church, things take a significant turn and old wounds are opened once more. With more enemies than Father Dominic can count, the action is sure to grow exponentially as the danger mounts. McAvoy does a stellar job and his foundation is only strengthened by Moore's addition.

There have been few series that have captivated my attention like Gary McAvoy's Vatican Archives. The characters, many of whom are returning from book to book, enrich the story with their own development, while others continue to cast shadows of deception and doubt. This provides great contrast and allows the author to keep the thrills high. While the plot twists are many, the core struggle is clear from the outset, matched with some historic event that is retold and explained through the modern lens. McAvoy and Moore do a fabulous job pulling history and modern interpretations together, allowing the reader to bask in the best aspects of both. At the heart of it all is the trial, which takes a few liberties, but pushes someone to the tenets raised by the Church all those years ago, while turning things into a Kangaroo Court to destroy Father Domenic. As I have said before, these books are less about the inculcation of religious beliefs on the reader than showing how the power of the Church and Christianity can still bend people in certain direction. A formidable addition to the series that has me wanting more and to see just how Father Dominic will handle some of his most recent struggles.
